Friday 23 March 2012 at 18.00

To join the conference please register asap info@project2014.be

“Beyond the 1914-1918 Centenary” offers

Complementary views on both the immediate and direct triggering and instigations of the war period, as well as views on the underlying political roots and socio-political activities in response.

Initiatives for the furtherance of a remembrance culture together with the understanding of the nationalities question, the origins and the significance of European integration, and of social advances as developed and practiced since the turn-of-20th Century.
